

Mohanlal Sukhadia University Signs up with Schoolguru Eduserve

Mohanlal Sukhadia University

Signs up with

Mohanlal Sukhadia University, Udaipur (www.mlsu.ac.in) signs up with Schoolguru Eduserve for our Virtual Employment Exchange (Optara) and ELSP Services.

Mohanlal Sukhadia University (MLSU) Udaipur, Rajasthan is a NAAC "A" grade state university with approx. 175 affiliated colleges and over 200,000 students enrolled in various UG and PG programs. On 21st December 2018, Schoolguru signed up an agreement with MLSU for running ELSP program to students in the University departments & affiliated colleges. In the first phase, the University targets to provide

apprenticeship/internship opportunities to its students; eventually the University would like to rollout the program as a state-wide initiative with the help of government.

We are expected to immediately start operations and focus on final year students appearing for examinations in May-June 2019. The ELSP program shall be delivered in the blended learning mode having both Face-to-face and online learning components. It's a five-year agreement extendable on mutual consent. We're targeting at least 20000 ESLP enrolments and 2000 internships/apprenticeships by June-July 2019; 50000 enrolments, 5000 internships in the following 12 months. This is our first University in Rajasthan and brings great potential of creating a successful model for Optara which later can be adopted by other universities of the state.
