

Schoolguru collaborates with Karnataka State Open University

Karnataka State Open University, one of India's leading universities in the ODL (Open Distance Learning) system, has decided to embark on adopting ICT enabled education in the year 2012 in partnership with Schoolguru. The KSOU Online MBA Program was launched amidst great fanfare on 26th January, 2012.

Karnataka State Open University. Established in the year 1996, under the state enactment – KSOU Act, 1992, the University has adopted various strategies to reach the doorsteps of the student, not only in the state of Karnataka, but in the country and abroad. The University strives to achieve its goal by focusing on features like accessibility, quality, flexibility, equity, relevance and affordability.

Schoolguru and KSOU, through the ICT Enabled programs, strive to remove the barriers to education and also bring in a holistic learning experience to the student. The objective is to blend the advantages of technology and time-tested pedagogy to ensure that the student receives a near-classroom experience.

Schoolguru shall manage the entire operations of the ICT Programs and set a benchmark in the domain by:

- Providing world class academic content by experienced and renowned Professors
- Promoting high standards of professional education in an environment which serves fresh graduates, working professionals and home based learners
- Implementing the best instructional practices from across the globe, and
- Supporting the individuals with collaborative efforts to help them outshine and perform.
