

Tamil University has taken the initiative to open an audio-video recording studio for the purpose of students learning through ICT Enabled Program in Distance Education

The studio, located at Kalaipulam, was inaugurated by the Honorable Vice Chancellor Dr.G.Bhaskaran, Tamil University in the presence of Dr.S.Muthukumar, The Registrar, and Dr.N.Baskaran, The Director of distance education, Tamil University.

The Leaders quoted the significance of nurturing Tamil Culture in higher education. Mr. Bhaskaran explained that the studio will now facilitate highly established faculty to record undergrad and postgraduate degree lectures in Tamil. These lectures can be streamlined and downloaded by the ICT students of Tamil University worldwide. The Distance Education Division, Tamil university has got study centers in Singapore and Malaysia; and Mr. Bhaskaran further assures us that this studio and the ICT technology together will make a big difference to the international students associated with Tamil University.
